### Call-for-Proposals Prevention Envelope of the Transition Support Facility (TSF)

The Transition States Coordination Office (RDTS) of the African Development Bank Group (AfDB) is pleased to announce the launch of the first Call-for-Proposals (CfP) of the Prevention Envelope of the Transition Support Facility (TSF) introduced under the sixteenth replenishment cycle of the African Development Fund (ADF-16).

#### *Overview of the TSF Prevention Envelope*

The Prevention Envelope represents an important shift in the TSF funding strategy, aligning with the AfDB's **2022-2026 Strategy for Addressing Fragility and Building Resilience in Africa**. It adopts a results-driven approach that focuses on preventive interventions to address fragility and conflict, aiming for scaled up results and greater impact for lasting resilience. By addressing root causes proactively, the approach emphasizes the importance of preventing crises rather than responding to them. It takes a comprehensive, long-term perspective and promotes partnerships for integrated and regional solutions that leverage different sources of funding and financial instruments. Through this approach, the AfDB seeks to maximize the impact of its resources and support transformative change in vulnerable institutions, communities, and economies.

Edit the preliminary concept of the project proposal

Please note that all sections of the PPC below are mandatory.

**Scaling Up Greater Impact**

Is the proposed intervention a new project, or does it aim to scale up existing high-performing projects to achieve greater impact with additional catalytic resources?

No, the proposal is a new project

To what extent can the proposed intervention lead to transformative change?

Please provide quantitative estimates, even if they are broad, to indicate the expected results that the intervention aims to achieve.
